

HOXTON

HOXTON

Clean, straight lines and a minimalist diamond tube design define the Hoxton range, bringing a refreshing sense of simplicity to any room. Designed to seamlessly complement the square and angular fixtures and fittings of contemporary spaces, this towel rail effortlessly merges functionality with style.

Available in two distinctive color finishes, the Hoxton range allows you to tailor your choice to suit your interior aesthetics. Whether you prefer a classic, timeless finish or a bold, contemporary one, this towel rail ensures that both your practical needs and your design preferences are met.
